This page provides a feedback form that can be used to submit suggestions, criticisms, and constructive information related to the implementation of the IHSS Project, particularly in supporting the improvement of procurement processes in the future.

The submitted feedback is expected to help identify issues at an early stage, recognize deficiencies, and serve as evaluation material for future improvements and performance enhancement.

Please note that the **Feedback** page functions solely as a platform for submitting feedback to Ministry of Health of the Republic of Indonesia and is not intended for direct responses or replies.

Feedback related to Technical Specifications for medical equipment that has not yet entered the procurement process will be addressed through Vendor Conference and Vendor Feedback activities.

For suppliers/bidders wishing to submit questions or request clarifications regarding procurement packages, inquiries may be sent to the email addresses of the respective Working Groups (*Pokja*) listed in the related procurement package's *Bidding Document*.

Domain Name

In line with the directive regarding the simplification of applications within the Ministry of Health, we would like to inform you that the domain name address of the IHSS Website will be changed as follows:

Previous

<https://ihss.kemkes.go.id/>

New

<https://kemkes.go.id/ihss>

Important Notes

- 1 The previous link (<https://ihss.kemkes.go.id/>) will remain accessible for the next 1–3 months, no later than the end of 2026.
- 2 It is planned that starting next month, when users access HSS Website through the previous domain name (<https://ihss.kemkes.go.id/>), the system will automatically redirect users to the new domain name (<https://kemkes.go.id/ihss>).

Website IHSS display updates are being carried out to support the implementation of the IHSS Project by providing more informative and accessible information, while also enhancing transparency and openness in the procurement process.
The updated IHSS website interface is scheduled to be officially launched on:

June 1, 2026
