

Procurement Notice

Request for Information (RFI) – IHSS Project

The Ministry of Health invites companies, manufacturers, distributors, and other relevant market participants to provide information and feedback through this Request for Information (RFI). The RFI aims to obtain information on product availability, technical feasibility, production capacity, supply chain readiness, delivery lead times, and indicative pricing to support the preparation of the planned procurement process.

The RFI covers several medical devices under the IHSS Project, including:

- Oxygen Tank 1 M³ – SOPHI
- Micropipette 5–50 µL, 100–200 µL, and 500–1,000 µL – SOPHI
- Sonicator Chambers – InPULS
- Dry Autoclave – InPULS
- Indirect Ophthalmoscope – SIHREN
- Automated Peritoneal Dialysis (APD) – SIHREN
- Other medical devices under the IHSS Project
-

The RFI can be accessed and submitted through the following link:

<https://forms.gle/48iTvCuJTBqk14jr5>

RFI submission deadline: 22 September 2026.

The information and feedback received will be used for market assessment and to support the refinement of procurement requirements and strategy. This RFI does not constitute a tender or a commitment by the Ministry of Health to procure from any respondent. For information on procurement under the IHSS Project, please visit the IHSS Project Website (<https://ihss.kemkes.go.id>).

Thanks.
